## **Product Discontinuation Announcement**

January 02, 2012

Due to declining sales and increasing challenges in maintaining product conformance, certain product part numbers are now discontinued.

The cost of maintaining these products have increased to the point where they can no longer be sustained.

We do however offer the same products in a nickel finish, which, other than finish, are identical in form, fit and function.

### **Discontinued Product Part Numbers**

C88E600000 and A30E600000

### **Replacement Product Part Numbers**

N88E600000 and NA30E600000

For further information, drawings and specifications on our replacement product part numbers please contact: [sales@northerntech.com](mailto:sales@northerntech.com)
